

## STRIKE OF INSURGENTS SPREADS TO MANY NEW R. R. CENTERS OF COUNTRY

### UNOFFICIAL FIGURES SHOW 40,000 MEN OUT, 8,000 QUIT SATURDAY

Thousands of Workers in Other Branches of  
Industry Affected—Federal Intervention  
Forecasted by Some Officials—Passenger  
Service in New York City Feels Effects

CHICAGO, April 10.—Several more railroad centers today were affected by the insurgent strike of switchmen and passenger service was affected in some places, notably New York City, while strikers returned in small groups at several places. Large areas had not yet been invaded by the strike, which union officers declared was an effort to over throw the unions for a new organization.

Switchmen in New England, in all southwestern states and in the upper Mississippi and the Missouri valleys remained at work, those in Denver and St. Paul and Minneapolis voting not to strike.

On the other hand hundreds of men in Cleveland, headquarters of the brotherhood of railroad trainmen today quit work.

Reports of the total strikers were confused by the variance between numbers said to be out by union officers and those declared by the strikers to have quit. Unofficial figures showed 40,000 men on strike. In addition thousands of persons were indirectly affected thru the closing steel mills, packing plants and other industries dependent on railroad service. Insurgent forces were strengthened by nearly 8,000 today when switchmen in 22 additional cities and towns struck and further walkouts occurred in large railroad centers. Against this gain, about 1,000 strikers returned to work in a half dozen places. More than 4,000 joined the strikers in Toledo, Detroit, Columbus, Indianapolis, Fort Worth and other cities.

In the Chicago area claims of railroad heads and brotherhood officers who united to break the unauthorized walkout, that strikers were returning to work and that freight traffic was approaching normal, were met with denial by officers of the Chicago yardmen's association who asserted that the tieup was complete and that the strikers' ranks were being augmented.

Federal intervention with possible utilization of the Illinois National Guard to protect property was forecasted today by action of District Attorney Clyne who after an all night conference with his staff and members of the department of justice summoned John Grunau, strike leader to his office.

It was said different instructions were received by Mr. Clyne from Attorney General Palmer. Mr. Clyne declared that the "United States is not entirely powerless in a situation that affects the food and fuel supply and that drastic action will be taken unless conditions are altered within forty-eight hours."

Members of the 11th Regiment, Illinois National Guard were reported to have been ordered to keep in close touch with their homes, so they could be reached by telephone on short notice.

The General Managers' association representing the railroads today announced it would refuse to treat with representatives of the strikers. The announcement followed that of H. E. Reading, chairman of the new engineers' association, that committees of three on each railroad would confer with the general managers of their respective lines and present demands.

Plans for the senate investigation of the strike were completed today by Chairman Cummins of the senate interstate commerce committee. The inquiry will begin here Tuesday.

Two railroads entering Chicago lifted all freight restrictions and promised 100 percent operation in 48 hours.

B. D. Greer, vice-president of the Chicago, Milwaukee & St. Paul, said his road would have full crews working before Sunday night and that switchmen at work would handle the congestion fairly relieved in 12 hours.

The first general movement back to work was announced after a conference with L. L. Lloyd, superintendent of the New York Lines; W. W. Kirchey, general chairman of the Brotherhood of Railroad Trainmen, and W. Bannister, general chairman of the Brotherhood of Locomotive Engineers. The freight embargo

was ordered lifted on the New York Central Lines.

Movement of perishable products was started at once with the transfer of fifty carloads of meat and tracks were cleared to make way for coal.

The strike has increased the volume of mail at Chicago according to J. M. Hubbard, first assistant postmaster, who said sixty percent more mail was handled. About 1,400 tons of mail is being handled daily by truck.

Reports tonight indicated the following situation: Chicago, 8,000 idle; St. Louis, 5,000; Toledo, 5,000; an increase of 1,000 today; New York and Jersey City, 3,500; Youngstown, 3,000; Buffalo, 2,000; Kansas City, 1,300. Several hundred returned to work tonight.

Los Angeles, 1,100. Three hundred returned to work in California today.

Baltimore, 2,000; increase of 500; Pittsburgh, 1,000; Columbus, 2,000; a gain of 1,500; Indianapolis, 700; a gain of 350; Fort Worth, 650; a gain of 350; San Francisco, 440; Gary, 300; Salt Lake City, 475; increase of 175.

Syracuse, 250; increase of 100; Saginaw, Mich., 280; Ogden, Utah, 150; Pueblo, Colo., 150; Decatur, Ill., 240; increase of 130; Milwaukee, Wis., 150; increase of 50; Pocatello, Idaho, 100; Springfield, Ill., 150; an increase of 100; Joliet, Ill., 50; Scranton, Pa., 50; Bloomington, Ill., 75; Fort Wayne, Ind., 35; Dayton, Ohio, 250; Canton, Ohio, 150; Jackson, Mich., 150; Kalamazoo, Mich., 200; Sparks, Nev., 700; Niles, Mich., 700; Saginaw, Mich., 100; Battle Mich., 100; Connellsville, Pa., 200; Coffeyville, Kans., 45; Houston, Texas, 20; Springfield, Mo., 100; Cleveland, 1,000.

Switchmen also went out in Portland, Oregon; Akron, Ohio; Warren, Ohio; Hornell, N. Y.; Salamanca, Niagara Falls, and Sharon, Farrell and Sharpsville, Pa.

One hundred strikers at Champaign, Ill., returned to work.

50,000 Idle at Pittsburgh. Pittsburgh, April 10.—More than 50,000 workmen in the Pittsburgh district it was estimated by railroad and industrial authorities were idle tonight as a result of the strike of switchmen which spread rapidly today. Not a railroad escaped except the Eastern Division of the Pennsylvania and it was reported that in some of its important yards the men had been voting on strike.

First effects of the strike were felt when yardmen on the Baltimore & Ohio went out at the Pittsburgh Terminal this morning, and before noon it was announced every switchman between this city and the Connellsville Coke region had left his job. Sharon, Farrell and New Castle also reported strikes and before noon 14 blast furnaces of the United States Steel corporation and several steel mills had closed. Yardmen of the Pittsburgh and Lake Erie, the Pittsburgh and Bessemer and Lake Erie, the Erie and men employees on some western lines of the Pennsylvania later joined the strike, and the Baltimore & Ohio declared a general freight embargo. The Pennsylvania Lines also announced embargoes.

Serious in New York. New York, April 10.—New York tonight faced a menace of a food and fuel famine and paralysis of passenger traffic by the spread of strike of railroad workers, coupled with a strike of harbor employees.

The unauthorized walkout extended to switchmen and yardmen of the New York Central and firemen of the Lackawanna railroad. Regular passenger service on these lines and the Erie broke down tonight. Schedules on other roads were disrupted.

A few carloads of food were received, but the opinion of railroad officials was that the situation was extremely grave and it was admitted railways could not combat the strike for 48 hours.

Demand of the insurgent strikers issued tonight contained the threat of a break with the national labor organizations unless they received support of those organizations.

Approximately 20,000 men had left their posts in the New York district. Only five percent of the normal freight transportation facilities were functioning. It was estimated half a million persons were kept idle today by the strike.

After a mass meeting of striking railroad workers in Jersey City late today, a statement issued embodying demands the committee said would be presented to railroad officials.

The statement said "we have decided to be known hereafter as the United Railroad Workers of America" and added "we do not want our name to be misunderstood as representing the national organization."

Various Reasons are Given by Body for Soaring in Prices

Washington, April 10.—The United States bituminous coal commission which settled the dispute between soft coal miners and operators declared in a statement today present coal prices were "inexcessible and 'out of all relation to the increase in the cost of production caused by higher wages granted by the commission."

Declaring that the risen prices could not be attributed to the campaign for early buying, the commission's statement said there were various causes for the "temporary upward trend" in the coal market.

There might be scarcity of coal for domestic use due to foreign demand. "There seems also to be a misapprehension in regard to production," the statement added. "Weekly reports of the geological survey show that in the first quarter of the year our production was decidedly in excess of the production under high prices in 1918. There is, therefore, no reason, based on the past few months for successfully rocketing of prices."

"The fear of immediate suffering from car shortage seems also to figure in reasons for the flurry. There were sufficient cars and motive power to distribute this unusual production. Efforts are being made to stabilize prices thru regulation of the interstate commerce commission and by special legislation. The educational campaign for early buying and storage will also tend to stabilize the market."

2,000 Quit in Cleveland. Cleveland, O., April 10.—Two thousand switchmen and yardmen on the nine railroads in the Cleveland district struck today when the insurgent body organized as the Cleveland Yardmen's association quit work in defiance of official declarations from the Brotherhood of Railway Trainmen and Switchmen's Union of North America, that the walkout was illegal.

Conservative estimates tonight place the number at 2,000 on strike and 3,000 more affected. The walkout isolated Cleveland from the rest of the world so far as food supplies and industrial materials were concerned.

W. G. Lee, president of the Brotherhood of Railway Trainmen received messages from various parts of the country today reporting improved conditions, many members who had gone out on strike returning to work.

DETROIT, Mich., April 10.—The threatened curtailment of industrial operations in the Detroit area, due to the rail tieup, became a reality tonight when the Detroit Edison company restricted power consumption by all consumers not engaged in production or distribution of foodstuffs. The order, effective at 5 p. m. Monday, also requests discontinuance of display lighting and the use of a minimum amount in private homes.

COLUMBUS, O., April 10.—With approximately 14,000 men on strike in the state, according to unofficial figures, Ohio tonight is facing a critical situation. Food stocks are becoming low, it is reported by food distributors. Many industrial plants are closing, throwing thousands of men out of work.

WASHINGTON, April 10.—Plans for organization of emergency motor truck transportation lines should the strike of railroad employees interfere seriously with food transportation were considered today by the council of national defense.

WASHINGTON, April 10.—Reserve supplies of food at principal distributing centers already have been depleted by the railroad strikes the department of agriculture today announced. Large shipments of meats, livestock and produce were in transit today but arrivals will be more or less affected by local strikes at junction points," an official summary said.

DECATUR, Ill., April 10.—Wabash roundhouse and locomotive shops laborers numbering more than 100 tonight voted to remain away from work until their demands for higher wages are granted. They quit work this morning. All efforts of union heads to get striking yardmen to return to work have failed. Local factories are closing down as a result of the strike.

ST. LOUIS, Mo., April 10.—The strike of "insurgent switchmen" and yardmen which began Thursday and resulted in an embargo on freight and express here today affected passenger service. Several hundred terminal engineers and firemen delayed passenger trains from one to five hours. The local strike is affecting 27 roads.

PHILADELPHIA, Pa., April 10.—Late tonight the Pennsylvania railroad announced an embargo was in effect on the entire Pennsylvania system from New York to St. Louis against freight from connecting lines.

## SONORA STATE WITHDRAWS FROM MEX REPUBLIC

Result of Carranza Sending Troops Into State

WILL RESIST ARMED FORCES

NOGALES, Sonora, April 10.—Sonora state withdrew from the republic of Mexico today. The state congress at Hermosillo in a secret session last night voted, according to reports to resist with arms any attempt of the Carranza government to send troops into the state.

The secession was brought about by President Carranza ordering federal troops sent into the state. When that plan became known, state authorities said the Carranza troops would be met with armed forces. President Carranza was called upon by Governor Alvaro Obregon to explain the reason for the contemplated invasion.

Carranza replied that if troops were ordered into Sonora it was for general welfare of the country. The reply did not satisfy the state leaders. Sonora political leaders declared Carranza planned to set up a military dictatorship in Sonora and take over the state government. He was accused of plotting the maneuver to harm the presidential candidacy of General Alvaro Obregon, whose home is here.

Yesterday Sonora officials seized the Southern Pacific of Mexico, an American-owned railway whose employees had been on strike and put all strikers back to work with a guaranty of their demands.

Custom House Seized. Douglas, Ariz., April 10.—The customs house at Agua Prieta, across the line from Douglas, was seized late today in the name of the Sonora state government and tonight armed men are guarding the building.

Immigration officers and the postoffice also have been taken over by state authorities. Employees of the customs office and other federal departments have declared their loyalty to the state government. Orders have been issued to arrest and imprison Jose M. A. Tostado, federal customs inspector should he attempt to return to Agua Prieta. He left for Mexico City two weeks ago and a telegram from him today stated he would return home tonight.

All able-bodied men in Agua Prieta between 18 and 60 have been organized into state militia and they are ready on short notice to assemble to protect the town against invading forces.

Trenches have been dug on the eastern, western and southern outskirts of the town and there are 200 militiamen at watch. J. M. Arredondo, Mexican consul here when asked if Sonora had declared itself separate from the federal government, said he knew nothing in regard to it.

The taking over by Sonora authorities of the customs house and other federal officers at Naco, Sonora, was confirmed in a telephone message from that place to Douglas tonight.

Will Defy Carranza. Agua Prieta, April 10.—Customs house workers received word that Jose Medusa, customs house collector in charge of Agua Prieta, is returning from Mexico City, where he conferred with President Carranza regarding eight men who will replace the staff of employees who it is reported are to be discharged for alleged sympathy with the Obregon following.

It is said the customs men will defy Carranza's reported order that they be discharged. No Report at Washington. Washington, April 10.—While no reports had come tonight of the repudiation of the Mexican Central government by the Sonora congress factors which undoubtedly led to the congress action are known to officials here. Sonora is the home of General Obregon, a candidate of the anti-Carranza faction.

SONORA EXTENDING ZONE OF OCCUPATION. London, April 10.—French forces are extending the zone of occupation in the main region, according to a despatch to the Exchange Telegraph Company from Berlin quoting the Lokal Anzeiger. Stockstadt in Bavaria and Badenhausen have already been occupied and it is understood French troops are marching toward Aschaffenburg from Darmstadt.

SAMUEL GOMPERS ON STRIKE. Philadelphia, April 10.—There is no strike of railroad men, asserted Samuel Gompers, president of the American Federation of Labor, today, to reporters while enroute to New York. He said: "Remember, there is no strike. Congress has prohibited strikes on railroads, but of course, there is no law to prevent individuals from quitting their jobs if they choose to do so."

ARGUE FOR NEW TRIAL. Springfield, Ill., April 10.—Arguments for a new trial for Lincoln E. Slick, prominent Peoria grain dealer recently convicted of making fraudulent income tax returns in 1917 were taken under advisement by United States Judge Louis FitzHenry today. Slick formerly lived at Bloomington.

CAUGHT STEALING CORN FROM CRIB. W. H. Wilding of Strawn's Crossing has several times noted the theft of corn from the cribs on his farm. Recently members of his family passed the crib and noticed two sacks of corn in the road near by. Upon investigation a man was discovered behind the crib busily removing corn. A search was made and the thief was caught before he could be apprehended. Mr. Wilding offers to surrender the two grain sacks to the owner if he will call for them.

NEW GYMNASIUM FOR WESLEYAN U. Bloomington, Ill., April 10.—Plans have been completed for a new \$100,000 gymnasium for Illinois Wesleyan University here it was announced today. Work will start within a month on the new athletic emporium which will be a memorial to the Wesleyan athletes who made the supreme sacrifice in the world war.

DAVISON ARRIVES FROM ABROAD. New York, April 10.—Henry P. Davison arrived today from Liverpool. Mr. Davison, who is chairman of the board of governors of the League of Red Cross societies, went abroad to attend the Red Cross congress at Geneva.

VISITS SON IN YOUNGSTOWN, ILL. Mrs. Ida B. Hale left yesterday for Youngstown, Ill., where she will make a visit at the home of her son, George Hale.

URGES RESUMPTION OF HAGUE CONFERENCE. Chicago, April 10.—Immediate resumption of the work of The Hague international conference to provide necessary judicial machinery for settlement of international disputes to prevent future wars was suggested tonight in an address by Governor F. O. Lowndes of Illinois, Republican presidential candidate.

"When the war was over, the world was in a state of suspense as to what might happen afterward," he said. "During those strenuous months in Europe it was hoped that in some way might come a better international understanding, better international relations with the possibility of less frequent wars."

"So to many of us it seemed that the time was ripe for taking up the work of The Hague international conference. We have failed to realize that aspiration. Instead of adopting the idea of judicial determination of differences, a political alliance among the nations was created. When that alliance was created, and given the name of the league of nations it was seen by our people that instead of preventing future wars it was likely to prove the breeder of more conflicts."

## INVESTIGATION OF STRIKES ORDERED BYATT. GEN. PALMER

Orders are Sent to All District Attorneys

U. S. READY TO TAKE ACTION

Washington, April 10.—(By The Associated Press.)—Orders went today to United States district attorneys to investigate the "unauthorized" railroad strikes in the districts to determine whether there has been "joint action" designed to interfere with distribution of necessities or whether such interference was contemplated.

Attorney General Palmer who is at Savannah, Ga., in making this announcement said such "joint action" would be unlawful. He added that the federal government would take no steps until inquiry had been made to ascertain facts. Mr. Palmer will be in the south several days and has instructed Assistant Attorney General Ames to act on his own judgment should the situation be found to warrant it.

Mr. Ames refused to comment on

When you are thinking about the high cost of living and how little a dollar will buy, just remember that eggs are now quoted at 35¢ a dozen. The time is not far back in history when they were practically double that price. A drop of nearly 100 per cent in an article with so much of food value is certainly worth chronicling.

A newspaper headline says that sugar stocks are soaring. Why shouldn't they, with sugar now quoted in a retail way at about 22¢ per lb. Some local men who make a study of commodity markets said two or three weeks ago that they believed sugar prices would be lower. The tendency has been all the other

way and now these same men admit that they don't know what to make of the situation and will not be surprised whatever happens.

Alexander Howatt is in a Kansas jail. Any effort to create sympathy in his case will not awaken any responsive aid. Howatt doesn't deserve a jail sentence because he is an official of the miners' union or interested in organized labor, but because he has defied the courts of his state. A man who holds no respect for courts and for law is a menace to society.

The drives continue and it must be admitted that they are all for good causes. It is fortunate that business conditions have increased the general wealth of the people. Those were significant estimates that a Jacksonville banker gave indicating that Morgan county's wealth has increased in the past few years somewhere from \$10,000,000 to \$15,000,000. Even if the money increase in reality is not available, there are many millions of additional wealth without taking the realty values into account.

The bonus system doesn't seem to have worked satisfactorily in the Chicago stockyards, where it was introduced in accordance with Judge Alschuler's idea. Most of the employees take no account of the bonus when they talk of their wage scales.

and apparently think the bonus something they are entitled to anyhow. In other concerns where employees have been given the opportunity to buy stock, the results have been better for the stock ownership has carried with it a feeling of responsibility for the success of the concern.

They are working again on the Vandavia road and unless unfavorable weather comes a few weeks will see that thorough in passable condition. For a time conditions looked alarming, but the engineers were right in saying that the trouble could speedily be corrected. The flooded roadway was an inconvenience to many people. Complaints were few. Now it will not be long until normal conditions are restored. All of which goes to show that people for the most part are reasonable and that the passage of a little time puts an end to most troubles.

They have a road dragging plan in Jersey county which is well worth while. Drags of a special kind are located at various points along the principal roads. The rules of an auto club requires the members to "hitch on" these drags when conditions suggest it. The result is continually dragged roads to the great advantage of all the public and practically without expense. The Jersey county idea is worth duplicating elsewhere, especially until the day of hard roads really dawns.

They are rapidly getting ready for the national Republican convention in the southern states. Already Georgia has two sets of delegates preparing to attend. Let us hope that there will not be a whole set of contesting delegations from the southland. This course doesn't add to party harmony.

## FARMERS, VOTE

FOR LOWDEN!

(The Bloomington Panagraph.)  
The farmers of Illinois have it in their power to materially increase the chances of Governor Lowden securing the presidency by going to the polls next Tuesday and rolling up such a majority for their governor for president that the farmers throughout the country will be left in no doubt where their brethren in Illinois stand.

If the weather is fair next Tuesday many farmers will be in their fields. It will be important in such case for them to be in those fields but it is just as important, if not more so, that they contribute the short time necessary to go to the polling places to vote for Governor Lowden. There will be few farmers unable to go to the polls if they make up their minds to do so and this short period devoted to Governor Lowden's interests will not be time wasted.

Governor Lowden possesses broad qualifications for the presidency and none more convincing

than those which should appeal to the farmer. There is not a candidate in the field on any ticket that approaches Governor Lowden in his understanding of the problems and needs of the farmer. A practical farmer himself Governor Lowden has gained the respect and admiration of the agriculturalists of his home state by his recognition of the importance of agriculture and his efforts, as chief executive of the state, to promote agriculture in every way.

By going to the polls and voting for Governor Lowden Illinois farmers will not only be greatly increasing the governor's prospects for the presidency but more important still, they will be working directly in their own interests, for Governor Lowden is distinctly the farmers' candidate—he is of them and for them.

Rippling Rhymes  
By Walt Mason

The Spring Chorus.

Spring is brightening the valleys, that were lately brown and gray, and it's time to clean the alleys, carting all the trash away; all the cast-off shoes and bonnets, and the cat that reached its end, and the punk rejected sonnets that the local poet penned. Spring is hinting now of roses, and we should to duty rise, for old trash offends our noses, and it's painful to the eyes. Spring is whispering of lilies, whispering in every breeze; and that town imports the willies which no spring-time clean-up sees. There is litter by your stable, there's a dead mouse by your door; toll, as hard as you are able, that they may be there no more. For such things insult our senses, and they aggravate and vex; and we ought to paint our fences, shave ourselves, and wash our necks. All the world is bright and sunny, shining till it seems like new; and I think it mighty funny if we are not shining too. Bear away the long dead Tabby, all the truck of yesterday; clean up, for the town that's shabby is an eyecore to the ear.

Lyell Barber is one of the most talented of America's younger pianists.

WILL TAKE X-RAY OF INJURED ARM

James Allen, a well known county resident, is spending number of days at the home of his daughter, Mrs. S. J. Tompkins, on West College street. Mr. Allen recently fell from a load of hay, injuring his arm in such a way that he has since been under the care of a physician. An X-ray of the arm is to be taken in order to determine the exact extent of the injury.

J. E. Kennedy was down to the city from Arcadia yesterday.

## THE COLLEGE AND ITS BENEFITS TO THE COMMUNITY

Illinois college begins today a special campaign for funds in Morgan county. The goal of \$100,000 has been set as a county contribution toward the \$500,000 fund which the trustees find the college really needs. It is a matter of common knowledge that the affairs of Illinois college have been managed in such a way that the institution is upon a sound basis. From year to year the institution has kept within its means and so each year's report has indicated the excellent business management underlying college affairs.

It is a fact, however, that expenditures have been curtailed in order to make this good record. This curtailment has meant sacrifice on the part of the members of the faculty and that the sum total of expenditure for equipment has not been as large as those connected with college management wished. The war came on, ordinary expenditures greatly increased and so the college faced the necessity of increasing its endowment if the institution is to keep the high place it has held thru so many years in the educational world.

The general expenses of the college show like increases with those of other enterprises and if the institution keeps pace with those which may be counted its competitors, there must be more money expended for equipment and for salaries. So after carefully going over the ground and studying the necessities the trustees determined upon the present general campaign which is this week to have its local application.

The strongest arguments in behalf of the college are not merely from a business or commercial standpoint. Its contribution to the whole life of the city and sur-

rounding territory cannot be fully defined in financial terms.

Nevertheless colleges are business enterprises and as such have their very important place in the commercial affairs of the cities in which they are established. The controversy between Bloomington and Springfield over the location of Wesleyan university bears testimony along this line.

Jacksonville thru its colleges has an educational record of nearly 100 years and when all conditions and facts are lined up and considered from an unprejudiced view, it is easy to show that the city's greatest opportunity lies in its educational interests.

In recent months the people of Jacksonville have shown more of a get-together spirit than has marked their previous course. So many things have been accomplished and there has been a definite forward step. If this same "get-together" spirit can be shown in educational matters—if the men and women of the city will work together to this common end—the educational institutions of this city can be developed in a way that will result in increase of population and in maintaining the "educational preeminence" which Jacksonville has known in past years.

There is not a strong probability that this city will become a great manufacturing center, much as an increase in the number of industries would benefit. But Jacksonville is known far and wide as a city where education—the preparing of young men and women for effective life work—is a business.

Certainly there can be no greater business. It pays in the character made; it pays in the impulses created; it pays in the moral and mental atmosphere that result; it pays in dollars and cents.

## Social Events

Gamma Delta Dance

At Illinois College.

Gamma Delta Literary society gave a dance last evening in the College gymnasium. The members of the society and several alumnae members were present and greatly enjoyed the evening with their friends.

Congregational S. S.

Classes Entertained.

Members of two Sunday school classes of the Congregational church were entertained Saturday afternoon in the church parlors. The affair was planned by the teachers, Mrs. Mary A. Riley and Miss Marion Frihbank. The former has a class composed of five girls and five boys and the latter teaches five boys. The young people passed several hours very pleasantly, games of various kinds affording the amusement. During the afternoon delicious refreshments were served.

Gave Birthday Party For Daughter.

Mr. and Mrs. Robert Clement of South West street gave a birthday party for their daughter, Helen, Saturday afternoon, it being her eighth birthday. Fourteen of her little friends were present and the afternoon was spent with games and music. The hours were from 2 to 5 o'clock and the youngsters enjoyed themselves thoroughly. During the afternoon delicious refreshments were served. Little Helen received a number of handsome gifts. In the contests Helen Tendick won first prize and Lucile Conkle second prize. Mrs. F. L. Wilder and Miss Grace Conlee assisted Mrs. Clement in entertaining. Those present were: Fay Mahoney, Frances Craft, Mildred Johnson, Lois Wilder, Virginia Bond, Lucile Conkle, Frances Clement, Helen Tendick, Dorothy Tendick, Paul Schildman, Everett Leitz, Mary Bowman, Bobby Clement and Helen Clement.

## Births

Born Saturday at Passavant hospital, a boy to Mr. and Mrs. L. S. Walton, 1079 North Diamond street.

## Deaths

Smith.

A Nevada, Mo., paper contains the following regarding a native of this county.  
Philip G. Smith, aged 77 years, died very suddenly at 3 o'clock Monday morning, March 29, 1920, at the home of his brother, Dr. A. P. Smith, South Fifth street, this city, of heart trouble. Mr. Smith had been here with his brother for several months past, and apparently enjoying fairly good health, until about nine o'clock Sunday evening when he was attacked with heart trouble. Medical attention was promptly given but he lived only about six hours. He was a pioneer of Vernon county, having located in that county in 1873, and in later years was elected collector of Blue Mound township. He was a well known citizen and a christian gentleman, and his death was a shock to relatives and friends. He was a bachelor. Surviving are two sisters, Mrs. P. A. Compton, of Vernon county, Mrs. Sue Jordan of Jacksonville, Ill., and four brothers, Dr. A. P. Smith of this city, George and Jackson W. Smith of Nevada, and Boone Smith of Independence, Kans.

## With the Sick

James McDaniel, 1116 South East street, who has been seriously ill, is improving at the New Home Sanitarium.  
George Wesley Todd has recovered from his operation and illness at Our Savior's hospital and returned to his home on North Prairie street yesterday.

William Mosley of Prentice vicinity traveled to the city yesterday.

## Spring Suits

In spite of all the ink spilled on the subject, clothes style-character is not so very common.

There are not many makers who have the art of building in such class and distinction as are to be found in our suits.

There's no mistaking the skill displayed in setting the collar and shoulders to fit so smoothly.

Nor the distinction of that handsome sweep of the lapels to the single or double breasted.

There is a line of grays just in, of exceptional attractiveness, grays of various tones, a line that business men should look into promptly. And we have every other new color, design, and weave also ready for your inspection.

in full and three-quarter length. Don't wait. Make your selection now while the lines are complete.

This is the Kind

That Fits Fine and

Feels as Fine as it

Fits.

Plenty of Coats  
But no Trousers

—How often is this the case! A man buys a suit, with one pair of trousers and fails to get the full wear value. The trousers receive the hardest wear and are unfit for use long before you feel like throwing aside the coat and vest. Just look in your closets and see if there are not coats and vests with lots of good wear left, if there only was a pair of trousers to match.

—Have your clothes made to order. It will cost you no more, quality for quality, than the ready-made. And get an extra pair of trousers. Get the full wear-value of your clothes.

—Now, we have just received some small bolts of new spring woolens, latest patterns, that enable us to make up a suit with extra trousers, to your advantage.

—You are going to get a new suit this spring and we can't urge you too strongly to call in and see these woolens and find out what we are able to do for you. Don't delay too long.

WHITE HALL FUNERAL  
LARGELY ATTENDED

Late Mrs. Elmer Keller laid to rest Friday afternoon in the White Hall cemetery. The funeral was held at the White Hall cemetery.

White Hall, April 10.—The First Baptist church overflowed with people in connection with the funeral services over the remains of Mrs. Elmer Keller Friday afternoon, it being a notably largely attended funeral. The discourse was delivered by Rev. W. R. Johnson of Jacksonville, and the singing was by the Dancan sisters. The pall bearers were: Ross Kesinger, Olin Kesinger, Ellis Kesinger, Glen Rafferty, John Rafferty and Herbert Harr. There was an elaborate display of flowers in charge of Mrs. Olin Kesinger, Mrs. Herbert Harr, Miss Lucile Marmon, Miss Geneva Strang, Mrs. Glen Rafferty and Miss Minnie Morrow. The maiden name of deceased was Juanita Bradshaw, daughter of Mr. and Mrs. W. F. Bradshaw, residing six miles east of White Hall. She and Elmer Keller were married December 24, 1909, and following their marriage they located on a farm seven miles east of Jacksonville, where they resided until last fall, when they returned and took charge of the 170-acre home farm while her parents moved to town. The husband and three children survive, the latter being Harold, 10; Roberta, 7, and Gilbert, 4 years of age. The age of deceased at death was 28 years and 11 months. She has one sister, Mrs. E. S. Rook, residing at Greendale. The high esteem in which she was held was pronouncedly manifested by the large attendance and floral tributes in connection with the funeral service. Her death followed an operation in Our Savior's hospital at Jacksonville on the evening of the 10th. She was a professed Christian, but was not affiliated with any church.

Strike May Curtail Operations. The strike of switchmen is beginning to be felt in connection with the receipts of coal with which to operate local factories, and the supply is so short at this time that an early shutdown is unavoidable unless the strike is settled and the coal movement resumed. Local freight trains have so far been operated on both roads up to and including today, and should there be cessation of this service operations would be crippled on short order by the failure to get cars moved.

White Hall Notes. Mr. and Mrs. J. Harding have arrived from Jamestown, New York, and are domiciled with their son and wife, Mr. and Mrs. A. J. Harding. The senior and junior Hardings will henceforth both be identified with the management of the White Hall greenhouses, which have been greatly improved since the junior Harding took them over the first of the year. The Hardings are old and experienced florists, and their fullest abilities are being expended in developing their acquisition here and caring for the demands of the wide and populous territory contiguous to White Hall. The greenhouses have been equipped with electricity for lighting and power purposes, and the line of flowers to be seen there have never before been excelled at a local greenhouse. The senior Harding will specialize on landscape work for both public and private demands.

The schools have been closed since Wednesday. The teachers attended the state meeting in East St. Louis.

The Burlington morning passenger from St. Paul was detained over the C. & A. Friday morning from White Hall to Wann and caught in a freight car being broken down at Rockbridge and blocking the main track.

About twenty telegraphers attended a meeting called by the Burlington division in the Knights of Pythias hall Thursday evening, representing Beardstown, Concord, Jacksonville, Barrow, Cambon, White Hall, Berdan, Aisey and Chapin. It was a splendid attendance, considering the present facilities of travel and auto traffic impossible.

C. W. McConnell of Beardstown, local chairman of the Burlington, presided.

The work of compiling a complete record of every soldier buried in the White Hall and neighboring cemeteries has revealed the grave of another Revolutionary veteran, and there is only sufficient evidence to give a clue for tracing out the identity and service record. There are found a number of graves of soldiers that have no marker other than the flag holder provided in years past by the G. A. R. Post, and every such grave that can be properly identified will be provided with a marker. Any person who has a suggestion or information that will aid in this work should address R. B. Pearce, secretary of the White Hall Soldiers' Monument association.

A PECULIAR BUG. A merchant at Lynnvillie opening a box of lemons discovered a very peculiar bug. It was about the size of a full grown potato bug and was all over bright golden hues. It spread its wings like a parachute and presented a beautiful appearance. The gentleman's daughter had it in town yesterday seeking to ascertain its species.

VISIT IN CHICAGO. Mr. and Mrs. William Floreth, of West College avenue went to Chicago last night. Mr. Floreth will make a business trip of it and Mrs. Floreth will visit with friends in the city. Mr. and Mrs. Floreth will visit their son, William, who has recently taken a position with Carson, Pirie, Scott and Company.

TRAVELING MEN ARE  
LOWDEN BOOSTERS

Organization Among Them Has Resulted in Big Membership in Short Time—Allen Minter Is Secretary.

The Lowden Traveling Men's Club of Illinois is an organization of no mean proportions. Today it has a membership of from 20,000 to 25,000 extending into all parts of the U. S. Al Minter of Springfield, formerly of this city, is secretary of the organization and with his associates has done effective work in building up the society.

Traveling men are uniformly interested in anything that they undertake and as a result of the Lowden Traveling Men's club the Illinois governor is being advertised quite thoroughly. The members of the Traveling Men's club have found much in the governor's record to challenge their admiration and they are proud to spread abroad the facts about his good name.

Speaking well of Gov. Lowden is boosting for the home state and practically 100 per cent of traveling men are in the booster class.

FIZZLES OF 1920

AGAIN PRESENTED

The Fizzles of 1920 was presented matinee and night at the Grand theater Saturday. Large audiences greeted both shows and the members of the cast were greeted with hearty applause. The United Commercial Travelers are to be congratulated on the success of the show and no doubt will realize a goodly sum for the treasury.

UNION SERVICE TODAY  
AT GRACE CHURCH

Dr. Holden, President of Millikin University, Will Make Address—Has Great Record in Educational Work.

A number of Jacksonville churches will unite this morning in a service at Grace M. E. church. The congregations participating will be Grace, Congregational, Westminster and State Street churches. Rev. Louis E. Holden, president of James Millikin university, will be the speaker. It goes without saying that there will be no solicitation at this service, the purpose being to give some additional light upon the cause.

Dr. Holden is a graduate of Beloit college and of Princeton Theological seminary and has for years been prominent in both religious and educational work. After serving as a member of the faculty of Beloit college he became president of the college of Wooster in Ohio and made a wonderful record at that institution. Within a year after Dr. Holden became the president of Wooster, a fire destroyed the main building and only a small amount of insurance was carried. But from the ashes rose a greater institution for within twelve months after the fire the college dedicated five new buildings which had cost practically \$500,000. When Dr. Holden left Wooster after sixteen years' service the assets of the institution were \$2,625,000 by comparison with \$352,000 valuation when he entered upon his term of office.

Having completed his work at Wooster, Dr. Holden became associate secretary of the Presbyterian board of church erection, serving also as associate secretary of the Presbyterian board of education. A few months since he was chosen for the presidency of Millikin university. He is a very forceful speaker and the audience which assembles at Grace church this morning will certainly hear a worth while address.

In other churches speakers will briefly present the cause of the college. The following appointments have been made: Baptist—Dr. Carl E. Black; Central Christian—Horace H. Bancroft; Brooklyn—Thomas Worthington; Centenary—H. P. Samuell; Northminster—Rev. Thomas W. Smith.

## Matrimonial

Cooper-Turner.

Edward C. Cooper and Miss Martha Turner, both of this city were united in marriage at one o'clock Saturday afternoon by Dr. Myron L. Pontius at Central Christian church parsonage. The bride is the daughter of Mr. and Mrs. John Turner of this city. She is a young woman whose many charming qualities have endeared her to a large circle of friends.

The groom is the son of Drew Cooper of Lynnville and is a young man who commands the respect of all who know him. The couple went to Litterberry Saturday afternoon to spend a few days with a sister of the groom.

### WELL KNOWN SCOTT CO. COUPLE TO WED

Engagement of Miss Alma McCullough to Paul E. Markkille Announced at Luncheon Friday—Wedding to Take Place in May.

Mrs. W. E. McCullough entertained at luncheon at her home near Riggston Friday afternoon, at which time the engagement of her daughter, Miss Alma McCullough to Mr. Paul E. Markkille of Winchester, was announced. The wedding will take place in May.

The guests were twelve of the intimate friends of Miss McCullough. A four course luncheon, perfect in its appointments, was served at 1 o'clock. Pink and white satin ribbons hung amidst pink and white cupids extended from the chandelier to each place. When the guests pulled the ribbons a shower of hearts told of the engagement. One of the features of the table decorations was a large cake with pink candles.

Both young people are members of prominent Scott county families and the wedding will be one of the social events of the season.

Miss McCullough is the daughter of Mr. and Mrs. W. E. McCullough. She is a young woman of much personal charm and has been prominent in the social life of the community in which she lives. Mr. Markkille is the son of Ed Markkille of Winchester. He is highly regarded in his home city and holds a responsible position in the banking house of Neat, Condit & Grout.

Mrs. Harry Allen, an aunt of the bride-to-be, gave the following toast:

"Here's to the bride-to-be Always smiling as you see,  
But lest we are guilty of gross neglect  
Let us also drink to the groom-elect.

### L. C. STUDENTS IN POETIC APPEAL

The students of Illinois college have shown their loyalty to and belief in the college by giving seven thousand dollars to the endowment and now as the college is appealing to the people of the city and county they feel free to express some of their views and hopes. The following parody on the popular song "Slow and Easy" probably has as much truth in it as poetry.

Just give it free and easy, if you want to see Jacksonville grow.

Just give it free and easy, come on, don't be so slow.

We need the money, this is no joke.

Just give it free and easy, if you want to see Jacksonville grow.

How can we learn to parley vous, When we need a million for the white and blue.

How do you expect to teach your boys, If you don't help out "Old Illinois".

Every cent you give stays here in town, You get it all back with the interest down.

The students gave seven thousand, that's quite a "rep". You can give a million, if you have our "Pep".

With your Liberty Bonds you can set us free,  
And give "Illinois" financial liberty.

Prof's shoes are worn, his suit's in hock,  
Now loosen up that well filled sock.

Our books need a home, they've outgrown the old,  
You don't want to see them put in the cold.

This is "Home Town Week" in our money drive,  
It's your turn to help to make us thrive.

## This Really Happened

"Hi, there! Can you give me a hand?" shouted a well known farmer to a man who was driving along a road by the field where the farmer was seeding wheat.

The man got out of his car and jumping the fence plunged through the soft, wet, black earth to the farmer's side. He found him engaged in a desperate effort to get one of his horses to its feet. There had been many days of heavy rain, and the field—plowed, harrowed and ready for seeding—was so soft that one of the horses had mired.

However, it was not long before the combined efforts of the two men got the horse out. But the animal lifted a hind foot in a nervous way and the farmer, running a gentle hand along the leg, found that it had been rather badly strained.

"Isn't that tough luck!" he exclaimed. "Here I've just started seeding—I'm late now—and this ties me up. Can't get horses through this mud, and a hundred acres yet to seed. That's a clean loss of over three thousand dollars."

"Whole hundred acres soft like this?" asked the other man, with a glance across the field.

"Pretty much the same. Horses have a hard job to get along most anywhere. Feet just go right down," replied the farmer.

"Suppose I show you how to seed your hundred acres without horses, and save you that three thousand dollars. What would you say?"

"You're not joking are you?" Name your price!" And there were tears in the farmer's eyes at the prospect of relief from what looked like a serious loss.

"Tomorrow morning I'll send you a tractor that will handle this job."

"How do you expect a tractor to work where horses can't?" asked the farmer.

"Well, if it doesn't work, I'll take the tractor back and it won't cost you a cent," said the other.

Well! It happened. The next morning a Wallis Tractor arrived and was put on the job. The 100 acres were seeded in a few days. For the Wallis with its light weight and reserve power pulled the seeder over

ground where horses couldn't go—and the farmer was surprised how easily he managed it and how little it cost to run.

In fact he saved so much time that he plowed up and seeded an extra "40" he had not thought he would be able to get into crop that year.

And at threshing time the "40" turned in 20 bushels to the acre—800 bushels of wheat—which he sold for enough to pay cash in full for his Wallis Tractor. So his tractor cost him nothing, for his first crop increase paid for it.

The horses on that farm now have an easy time, for the Wallis does all the plowing, harrowing, drilling and other field work, besides all kinds of belt jobs, such as threshing, silo filling, wood cutting, pumping water, grinding feed and many others.

"Now if I could just teach her to pick apples and hunt eggs she'd run the whole place," chuckled the delighted owner to an inquiring neighbor.

The above story is based on facts received from an enthusiastic Wallis Tractor owner.

## The Secret of a Superlative Tire

The whole question of a super-tire is a matter of principles. For there is nothing exclusive in the industry. No patents, no secret formulas prevent a conscientious maker from building the best.

But cost and competition modify ideals. The Brunswick idea is to pay perfection's price and get it.

That has been the Brunswick policy since 1845. And it accounts for the growing preference for Brunswick Tires. Motorists expect the utmost from a tire bearing the name of Brunswick—and get it.

You, too, will be convinced by your first Brunswick, that here is an extraordinary tire, and that more money cannot buy a better.

Better tires of their type are impossible—or better tubes. That we guarantee.

Try ONE Brunswick—learn how it excels.

## OPENING OF BASEBALL SEASON POSTPONED

Snow Storm Delays Work on Grounds Necessitating Closing of Opening Game April 25—Paris Cleaners Here Later.

Manager Frank Smith announced yesterday that the opening game of the Indees' 1920 season will be played on Sunday, April 25. The St. Joseph Athletics will be the opposing team.

Manager Smith had booked a game with the Paris Cleaners for April 18. However, the big snow storm of a week ago caused a delay in getting started on the stands and grounds. This caused the date to be advanced a week.

The St. Josephs always have a strong team and in its line-up are some of the strongest players in Springfield, including Flannigan and others well known to local fans.

The Paris Cleaners have been booked for a date later in the season. The work of building the stands and preparing the infield will be carried on as fast as possible in order to have everything in readiness for the opening game.

Ira Fanning of Murrayville has been signed as pitcher and utility. Fanning was a member of the famous Murrayville Ramblers. He is a good hurler and can play either the infield or outfield. He also is a good hitter and will strengthen the local club.

The work of soliciting funds is still under way. It is hoped that the necessary amount will be secured during the coming week. Manager Smith is seeking to give local fans the fastest semi pro ball they have ever seen and should be given their support in his efforts.

## COLLEGE OF MUSIC

The following sang on Easter Sunday at the various churches as indicated: Miss Vera Wardner at the First Methodist church in Ashland; Miss Nancy Terwilliger at the Methodist church in Cairo, Illinois; Miss Bessie Thayer at the Baptist church in Pontiac, Illinois.

On Palm Sunday Miss Gladys Sargent sang "Jerusalem" by Parker at Centenary church.

Miss Clara Moore will go to Springfield Monday to attend the concert to be given by Arthur Middleton.

Notices from all over the country unite in calling Frances Ingram the leading contralto of the country, and one of the greatest singers in the world. She sweeps her hearers out of themselves and established precedents in what to sing and how to sing it. Her wonderful gifts are united with a naturalness and spontaneity of manner that charms everyone. Her recital here on April 23rd offers a great opportunity to music lovers in this section of the country.

## INCREASING PRODUCTION MAKES NECESSARY NASH FACTORY EXPANSION

Increasing demand for products of The Nash Motors Company is reflected in substantial additions to the great plant at Kenosha during the past year. It is in this factory that Nash six cylinder cars and Nash trucks are built, the new plant in Milwaukee, now under construction being planned for the exclusive production of the Nash Four.

An important addition to the factory is found in a building 120x120 which was added to the large foundry. There also has been constructed a foundry warehouse and pattern storage 80 by 100 feet. Other new buildings include a new roller bearing tool room and pattern shop, 100 by 600 feet and an addition to the sheet metal shop measuring 32x236 feet.

Under construction now are a new boiler room 50x50 feet and an addition to the heat-treating department measuring 40x140 feet.

The construction of all these buildings is thoroughly modern and was carried out without interruption to work in the busy Nash shops.

There are in operation in the Nash factory over 1,500 productive machines and over 300 factory maintenance machines; the plant embraces 1,011,332 square feet of floor space and in the power plant which keeps the machinery in operation, 120 tons of coal are used every 24 hours.

Five thousand men are on the payroll of The Nash Motors Company.

# To the VOTERS of Morgan County Especially Those of Jacksonville Precincts 7 and 8

You are advised that the Attorney General of this State has ruled that YOU MAY VOTE for a candidate for Precinct Committeeman BY WRITING IN the name of the person for whom you desire to vote.

## Section No. 46 of the Act of 1919, Provides as Follows:

"Any primary elector may, instead of voting for any candidate for nomination or for committeeman whose name is printed on the primary ballot, write in the name of any other person affiliated with such party as a candidate for the nomination for any office, or for committeeman, and indicate his choice of such candidate or committeeman by placing to the left of and opposite the name thus written a square and by placing in the square a cross (X). And at the primary at which precinct committeemen are to be elected he shall write at the bottom of his primary ballot, in the space provided for that purpose, the name of one primary elector of his precinct, member of and affiliated with his political party, for precinct committeeman. No squares need be placed in front of the names of persons so voted for, for precinct committeemen."

You also are advised that it is illegal to use stickers in voting for any candidate. You also are cautioned to not listen to the stories, in circulation, to the contrary of this opinion.

NOTICE TO ALL ILLINOIS  
COLLEGE CAMPAIGN  
COMMITTEES

It is important that all members of teams and committees should attend the noon-day luncheon at the Y. M. C. A. Monday.

LEADING COACHES  
STAND BY LITTLE 19

Will Not Form Conference That Will Leave Members of That Conference Out in Cold—Favor All State Minor College Conference.

"Leading coaches of the Little Nineteen conference of minor colleges are not going to form any organization that will result in some of the present conference members being left without competition."

This was the thought expressed by Coach W. T. Harmon of Illinois College to the sporting editor of the Journal in speaking of the recent meeting at Peoria looking toward the formation of a new alignment of minor Illinois colleges.

According to Coach Harmon, Coaches Wann of Millikin, Muhl of Wesleyan, and in fact, all of the Little Nineteen coaches present at the Peoria meeting, except one, are not in favor of any move that will disrupt the Little Nineteen conference.

Stand by Little Nineteen

The view taken by Coach Harmon and the others is also the same as that taken by Wann, Muhl et al., is that if a conference is formed of some of the stronger Little Nineteen colleges with Knox, Monmouth, Northwestern College and Lake Forest, it would split the Little Nineteen and be a great injustice to schools in isolated parts of the state.

Coach Harmon pointed out that such a conference would leave Carthage and Macomb normal on the west side of the state, Shurtleff, McConder and Blackburn in the southern part of the state in such positions that they could not get games. They would be too far apart to play games with each other and probably would be unable to get games with members of the new conference.

Such a move would result in throwing these schools back several years in athletics. It seemed to be the view of the coaches of the Little Nineteen who were present at the Peoria meeting that the proper thing to do is to form an all state conference of minor colleges.

Form All-State Conference

It would be the purpose of this new conference to include all of the present Little Nineteen colleges and Knox, Monmouth, Northwestern College and Lake Forest. William and Vashti is already out of the Little Nineteen.

The new rules would make it necessary for a member to have a four year college course. At the present time Bradley does not have a four year course. However, it is understood that that school is to drop an academic year and add another college year.

This, however, will not give the school a four year course for two years. It seemed to be the opinion of Coach Harmon that some plan would be evolved to retain Bradley because the school always furnishes keen competition and has excellent athletic facilities. Bradley would not only make a desirable but a valuable addition to the conference.

While it is realized that all of these schools could not get games with the leading schools in football and basketball, yet they would have the opportunity of booking some games with these schools. Then they would always have the privilege of going to the state basketball tournament and also the annual field and track meet.

Another Meeting April 19

At the Peoria meeting it was decided to hold another meeting in that city on April 19. Coach Muhl was instructed to send invitations to all the members of the Little Nineteen conference and to Knox, Monmouth, Lake Forest and Northwestern college to attend this meeting.

At this time it is probable that an all state conference of minor colleges will be formed. This depends largely upon whether the four northern schools which were

formerly in the Little Five conference want to join such an organization.

While all of the Little Nineteen schools realize the value of having the four schools and especially Knox and Monmouth in the conference, it is believed that the leading coaches will stand pat and if these schools do not want to join an all state conference, the Little Nineteen will remain intact.

Coaches Harmon, Wann, Muhl and others at the conference are to be commended for their loyalty and spirit of fairness displayed. These men realize that it has been thru the loyalty of every school in the Little Nineteen that the conference has grown to be one of the strongest and best known state conferences in the country. Their decision to stand or fall with it will mean an even stronger organization in the future.

FOR CORONER

Charles L. Hankins announces his candidacy for coroner of Morgan county, subject to the decision of Republican primary, Sept. 15.

Since the war and especially since the visit of Sir Oliver Lodge to this country many people have been disturbed by the vagaries of Spiritualism. The newspapers and magazines have been filled with the subject and literature has been scattered over the country. The supreme question of spiritualism is, "Can we communicate with the dead?" Because of these conditions the subject at the Central Christian church for Sunday evening will be, "The Bible vs. Spiritualism." The history of Spiritualism will be given and the system counteracted by Bible teaching.

PROGRAM OF EVENTS  
FOR INTERSCHOLASTIC

Illinois College Has Issued Program of Events for Fifth Annual Meeting—Several New Features are Added.

Illinois College has issued its program of events for the Fifth Annual Interscholastic Track and Field Meet and contests in public speaking and music.

The event this year will be held Saturday, May 15. Heretofore it has been held on the first Friday in May. It is believed by moving it up to the 15th and holding it on Saturday there will be a larger number of schools represented and it will also secure better contests in the athletic events.

The track and field events are as follows:

- 100 yards dash.
- 220 yards dash.
- 440 yards dash, two races.
- Half mile.
- One mile.
- 120 yards hurdles.
- 220 yards hurdles.
- Running high jump.
- Running broad jump.
- Pole vault.
- Discus throw.
- Shot put (12 lbs.)
- Javelin throw.
- Half mile relay, four men.

In addition to the track and field events new features have been added this year. There will be contests in declamation and in orations. There also will be contests in music. These will consist of a piano solo, violin solo and a vocal solo. The eligibility is the same as in the track and field meet.

Gold, silver and bronze medals will be awarded the winners of first, second and third respectively in both track and field and the public speaking and music contests.

Two beautiful antique trophy shields will be awarded the schools winning first and second in the track and field events. A beautiful silver loving cup will be awarded the best individual performer in the meet. The referee and starter will be the deciding judge for the cup.

Lewis Omer, former athletic director of Northwestern University, will be the referee and starter.

NOTICE TO ALL ILLINOIS  
COLLEGE CAMPAIGN  
COMMITTEES

It is important that all members of teams and committees should attend the noon-day luncheon at the Y. M. C. A. Monday.

CANTATA TONIGHT AT  
CONGREGATIONAL CHURCH

At the Congregational church this evening the choir will present the cantata, "The Resurrection," by Manney. The following is the program:

Introduction.  
Prelude and chorus, "He Is Risen."

Part I. The Empty Tomb.  
Recitative, baritone, "Upon the First Day of the Week." Trio, women's voices, "Who Shall Roll Away the Stone?" Solo, alto, "God Shall Wipe Away All Tears."

Recitative, tenor, "Why Seek Ye the Living Among the Dead?" Chorus, "Angels, Roll the Rock Away."

Part II. Mary Magdalene.  
Recitative, baritone, "And They Went Away Quickly." Unaccompanied chorus "Blessed Are They."

Soprano solo, "They Have Taken Away My Lord." Chorus, "O Death! Where Is Thy Sting?"

Final.  
Chorus, "Blessing and Honor." Recessional, "Grand Chorus." The Rev. W. E. Collins will deliver a short address on the question, "Has America a Soul?"

DON'T WALK IN FRONT  
OF STREET CARS

A motorman remarked yesterday that he wished people would be more careful about walking in front of a car as they leave it. So many do this that it is a great annoyance to a motorman who is expected to make time and cannot do so if he is needlessly hindered. The motorman said women with children will persist in hastening across the track in front of his car in spite of precautions. Once as he was about to start the scream of a woman stopped him and she dragged from the track a little child whom the man couldn't see.

LOWDEN LEAGUE NOTES

The workers and various committees of the Woman's Lowden League will please attend a meeting in the circuit court room at 3 p. m. Monday.

Appreciate Riggs' Action.

The women of Morgan county greatly appreciate the action of County Clerk George L. Riggs in preparing Women's Ballots for the preferential primary next Tuesday, April 13th, as he had the right to do under the attorney general's ruling. The women of Morgan county should be grateful to Mr. Riggs.

LITERBERRY.

Each program will be given at both the Christian and Baptist churches this morning at the regular Sunday school hour. The weather last Sunday was so unfavorable that postponement was deemed advisable.

Among the Literberry people who visited Jacksonville Saturday were Mr. and Mrs. William Hull, Misses Wilma and Alta Crum, Mabel Johnson, Georgia Champan, Margaret Chapman, J. S. Hitchens, Walter Long, Samuel Lindsay, Oliver Lindsay, J. A. Litter, George Roach and W. W. Young.

T. A. BURRUS OF PEORIA  
WILL MOVE TO JACKSONVILLE

Thomas Arthur Burrus of Peoria was in the city yesterday completing arrangements for the purchase of a home on West Lafayette avenue thru the Dewees & Erickson agency and will bring his family here next week. Mr. Burrus has taken a position as salesman for the Berger Motor company.

Miss Ella Lyon of Franklin was added to the list of city shoppers yesterday.

RETURNS FROM TRIP FOR  
INTERCHURCH MOVEMENT

Rev. W. E. Collins, pastor of the Congregational church, returned yesterday from a several days' trip in the interest of the Interchurch World movement. In each city where meetings were held the interest manifested was most encouraging. In most cases the churches being completely filled for each session. Mr. Collins visited the county seats of Fayette, Madison, Bond and Clinton counties and in addition to the regular conferences addressed students' meetings. The local minister is the captain of one of the teams which held conferences in various parts of the state the past week.

WEST SIDE ART CLUB

Mrs. F. C. Mue was hostess to the ladies of the West Side Art club Friday afternoon. There was a large attendance of members and five guests. The committee in charge of the bazar reported that \$38 had been cleared. The next meeting will be held at the home of Mrs. Bell Muse on South Diamond street next Friday.

HAD PART IN TRAP  
SHOOTERS CONTEST

W. T. Craig took part in the contest of the Illinois Trapshooters' league at Delavan Friday. He broke 121 out of 150. T. S. Hall of Loami was the winner, with a score of 144, and his nearest competitor was Omar Pern of Ashland. Another shoot will be held in Deatur April 22 and 23. This and similar events are preparatory to the meeting of the central association in this city in September.

## ASHLAND FAMILY TO REMOVE TO THE EAST

Oscar Shockey and Family to Be-  
come Residents of Pennsylvania  
—Mrs. J. E. Banes Seriously  
Ill—Other News.

Ashland, April 8.—Mrs. John  
Morschauer, who has been in  
Chicago the past six weeks, has  
sufficiently recovered from scarlet  
fever, to return to her home.

Jesse Eulene and Maxine Wyatt  
of near Oregon are in town this  
week visiting their grandparents.  
Mr. Charles Glover of Quincy  
is here visiting her mother, Mrs.  
Sarah Wyatt.

Mr. and Mrs. Oscar Shockey  
and family are planning to move  
to Birmingham, Penn., in the near  
future, this being Mr. Shockey's  
former home.

Miss Marjorie Higginson of Vir-  
ginia spent Thursday and Friday

with Miss Lorena Bailey.  
Virgil Maurer of Beardstown  
was an Ashland visitor Sunday.  
Dr. H. M. Snyder and family of  
Flora spent last Saturday and  
Sunday with his brother, J. L.  
Snyder and family.

Among those who were Spring-  
field visitors Wednesday were:  
Mrs. Edwin Hewitt and daughter,  
Julia; Mrs. Phil Price, Dave  
Cromwell, William McCubbins,  
John Devlin and daughter and  
Patsy Beggs.

Quite an interesting election  
took place at Philadelphia Tues-  
day. About 1,750 B. & O.  
tickets were sold on account of  
the roads. Ed J. Bailey was  
elected as road commissioner with  
the majority of fifty.

Mrs. Dr. J. F. Ranes, who is in  
the Springfield hospital, still re-  
mains in a serious condition.

Mrs. Walter Dyer is spending  
the Easter vacation with rela-  
tives at Divernon.

### ELM GROVE

Miss Grace Fearneyhough was  
a visitor in Lynnville Friday af-  
ternoon.

Final examination was held  
Friday, April 2, at Elm Grove  
school under the direction of  
Joyce Masters, teacher. The pu-  
pils were: Mary Stringer, Frances  
Scholfield, Mildred Ranson, Grace  
Body, Rothay York, Nelly Hund-  
ley, Winifred Coultas and Vincent  
Davison.

C. E. Hamel and Vern Handley  
were callers in Lynnville Monday.  
Quite a number from this  
neighborhood attended the fu-  
neral of Mrs. Elizabeth Scholfield  
held in Jacksonville last Thurs-  
day. She was a resident of Elm  
Grove for many years.

Misses Emma and Lillie Flynn  
have returned to Springfield after  
a visit with home folks.

F. J. Scholfield was a business  
caller in Jacksonville Monday.  
Mrs. Walter Lewis and daugh-  
ter Ellen spent Wednesday after-  
noon with Mrs. John Welsh.

Trusler Howe started with the  
grocery wagon from Lynnville  
out through this neighborhood  
last Thursday.

John Welsh spent Sunday af-  
ternoon with Vern Handley.

The large snow which fell Sat-  
urday night and Sunday made  
some of the roads impassable for  
several days.

Jerry Flynn is on the sick list.

## MRS. CARL ROUSEY GAVE DINNER PARTY

Was in Honor of Husband's  
Birthday—Other News Notes.

Murrayville, April 7.—Mrs.  
Carl Rousey served a six o'clock  
dinner Tuesday evening in honor  
of her husband's birthday. After  
partaking of the sumptuous din-  
ner the guests were most enjoy-  
ably entertained by playing  
games and Victrola music. The  
guests all departed at a late hour  
heartily wishing Mr. Rousey many  
more happy returns of the day.

Miss Lydia Hart visited with  
relatives and friends in Bloom-  
ington from Thursday until Mon-  
day, spending Easter with her  
sister there.

Miss Lucile Short spent Satur-  
day and Sunday in Jacksonville  
visiting friends and relatives.

Miss Helen Rousey and brother  
Clyde made a week end visit last  
week with M. A. Douglas and  
family near Ashland.

Luther Douglas of Ashland is  
spending a few days with friends  
here.

### It's Cheaper to Prevent Accidents

One accident may cost you more than ten Kobzy Signals. Some  
only mean a bent fender but others result more seriously. In  
any case there is delay and annoyance. Protect yourself.  
The Kobzy Signal is so easy to operate it soon becomes an in-  
stinctive part of driving. There are no push buttons to confuse  
you. The lever on the control box moves the way you want  
to go—to the right when you turn to the right—to the left  
when you turn to the left—down for "stop." As the lever must  
always pass through "neutral" before putting up another sig-  
nal, the last one, if up, is automatically dropped. It is impos-  
sible to show two signals at one time.  
Kobzy Signals are operating day and night on cars of every  
make, winter and summer. With ordinary care they will out-  
last the life of the car.

## Drive this New CHALMERS to Estimate Its Worth

WHEN you have driven this new Chalmers you will  
appreciate its marvellous ease of action, its soothing  
absence of vibration, its great energy—results directly  
traceable to the Hot Spot and Ram's-horn.

Hot Spot is an ingenious device that occupies about six square  
inches. It receives from the carburetor gasoline still in a raw,  
heavy state and breaks it up into infinitesimal particles.

Then the gasoline, now a "cloud" of dry gas, is rushed into  
the cylinders via Ram's-horn (which has no sharp corners to  
impede the progress).

Thus the cylinders get the kind of "food" they should have,  
and you get a snap, a "kick" from "gas" that you haven't seen  
in many a day.

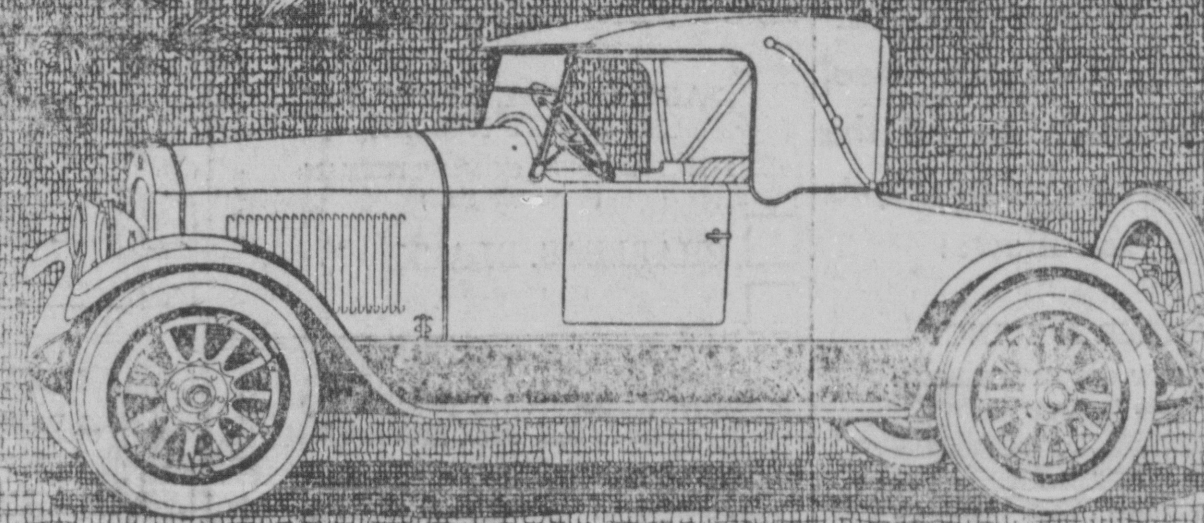

Some things you don't get, too, and they are burned bear-  
ings, scored cylinders, frequently fouled spark  
plugs—all traceable to inferior "gas" which most  
engines cannot "digest."

Ride in this new Chalmers and you, too, will  
say: "Chalmers is one of the few great cars of  
the world."

## The ONLY Aero-EIGHT

THE world has produced great masters—geniuses  
all—but in the minds of men there will remain  
always but one Michael Angelo. And though there  
may be countless eight cylinder cars—all worthy con-  
tributions to the science of automotive engineering  
and designing—there is only one Aero-EIGHT.

### An Exclusive Creation

It is distinctive, original, exclusive.  
There is something indefinable about  
it that vests it with an inherent  
quality of goodness, worth and ability  
which is peculiarly its own—which  
eludes imitation.

The Cole Aero-EIGHT has an air of  
unconcerned power—a complacency  
that takes for granted its mastery  
over every emergency and inspires  
confidence in its ability to reduce the  
extremes to the commonplace.

Its beauty of lines, its wealth of  
energy, its speed when desired, its  
comfort always, its unparalleled econ-  
omy, its luxurious completeness form  
a combination of virtues rarely en-  
countered in such perfect balance  
and harmony.

The ability of the Cole to transcend  
all present accomplishments by in-  
stilling a note of futurity in all that  
it achieves gives the Aero-EIGHT a  
character humanly individual.

**RESUME SERVICES  
AT ZION CHURCH**

Service Announced For Sunday Afternoon at 2 o'clock—Other News From Zion Neighborhood.

There will be preaching at Zion church Sunday afternoon, April 11 at 2 o'clock. It has been some time since we have had services here and it is hoped there will be a good attendance.

Mrs. Lillie Bracewell spent Tuesday with Mrs. William Wade of Murrayville.

Miss Lorette Maloney of Jacksonville spent Saturday and Sunday with home folks.

Misses Mae Blakeman and Lydia Hart of Murrayville spent Tuesday night of last week with William Hart and wife.

Mrs. Lambert is recovering after a severe attack of pneumonia.

Mr. and Mrs. William Hart called on Mr. and Mrs. S. A. Passage Friday evening.

East Greasy school will close Thursday with a basket dinner. Our mail carrier, Mr. Hidden was unable to make all his route this week on account of the roads being drifted with snow.

Milton Riley and Gerald Langdon from East Greasy took final examination Friday at Pleasant Grove school.

Mr. and Mrs. George Durham and family spent Saturday with Mr. and Mrs. Walter Durham and family of near Murrayville.

Mrs. William Hart and daughter spent last Wednesday evening with Mrs. Thos. Bell.

**WOODSON**

Rev. O. C. Bolman of Jacksonville will preach at the Christian church Sunday morning.

Mrs. Carrie Wallace of Chicago spent last week at the home of her brother, W. T. Craig and family.

Dr. G. W. Miller was called to St. Charles, Mo., Wednesday on account of the death of his sister, Mrs. Mary Anna Towers, whose death occurred after a lingering illness of several months' duration. He was accompanied by his niece, Miss Marie Meigs.

The Ladies' Aid of the Christian church announces a kitchen rush to be held in the basement of the church, Thursday, afternoon, April 15th. Any friends desiring to attend will be welcome.

The Easter program which should have been given at the Christian church last Sunday, but owing to the inclemency of the weather, was postponed till next Sunday at 10 o'clock.

# Shall Illinois Furnish the President?

An opportunity faces ILLINOIS *Next Tuesday* to furnish a candidate for President who will be the greatest the state has offered since the days of the immortal Lincoln. If the men and women vote in large numbers for

## GOV. FRANK O. LOWDEN

He will be the Strongest Candidate in the Chicago Convention

Let the Nation Know by an Overwhelming Vote That ILLINOIS is for LOWDEN

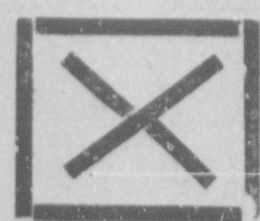

With true dignity and courtesey, Governor Lowden and his friends are not assailing rival candidates. He has no trusts or big interests behind him, and when he is elected president will be under obligations to no man or set of men who might seek to control him.

## Can Lowden be Nominated?

Lowden now has over 100 delegates elected. He has now the following delegates: Maine, 4; Connecticut, 14; Minnesota, 12; Missouri, 32; Oklahoma, 18; North Dakota, 5; Virginia, 15. Lowden will have 58 from Illinois, 14 from Alabama, 13 from Arkansas, 26 from Iowa, and others not yet determined. Gov. Lowden has made no fight in any state where there is a favorite son, therefore the friends of these favorite sons would go to Lowden rather than to a candidate who fought their man. This will be a contributing factor in the nomination of any candidate.

## LOCAL YOUNG WOMAN IN RECITAL AT CHAPIN

Miss Mamie Kennedy to Give Expression Recital Tuesday Evening—Household Science Club Meets—Other Chapin Notes.

Chapin, April 10.—Miss Mamie Kennedy of Jacksonville will give an expression recital Tuesday evening at 8 o'clock at the M. P. church. Admission free and everybody is cordially invited to attend. Miss Kennedy is a senior in the expression department at the college and is giving this prior to her graduation.

Mr. and Mrs. W. I. Williamson left Friday to visit their son in Alton a few days.

Mrs. G. A. Allen went to Winchester Friday to see her mother, Mrs. Coultas, who is quite ill.

Henry Hubbs has moved to the C. W. Nash property.

Mr. and Mrs. Butterfield and children of Jacksonville were visiting Wednesday at the home of Mrs. E. F. Antrobus.

William Stout has resigned his position in Beardstown and will commence working for Jeff Duckett in the Concord yards.

Raymond Heiser and wife of Kewanee were visiting in Chapin the first of the week.

Nina Pond of Jacksonville was visiting in Chapin Wednesday.

Mr. and Mrs. Arthur Burrus of Peoria are visiting her mother, Mrs. Tucker, and will return to Peoria Sunday.

The Household Science club met with Mrs. Charles Leizie on Wednesday afternoon, April 7, with fourteen members and two guests present. The meeting was opened with the club song, Illinois. Roll call was then responded to by naming local wild flowers.

A very interesting paper was then read by Mrs. Kittie Smith. Discussion, "Hospitality," led by Mrs. Ellen Coultas. Reading, selection from Riley, "Nothin' to Say," Mrs. Fred Craven. A social hour followed at which time the hostess served delightful refreshments. The next meeting is the open meeting to be held with Mrs. Kittie Smith.

## ILLINOIS WOMAN'S COLLEGE NOTES

On Saturday, April 3rd, the students who were spending the Easter vacation at the college were hostesses to a group of children selected by the Social Service league. These little folks were given a most delightful Easter party by the students and each one was presented with a little Easter gift just before leaving. They were accompanied to the college by the local health nurse, Miss Ryman.

Tuesday evening, Miss Knopf gave a lecture on "Art and the War." This lecture was illustrated by a number of slides showing work of various artists. War of all types was considered, from the cartoon to the camouflage. It was a most interesting, as well as instructive lecture and was greatly enjoyed by the large company present.

On Wednesday, Miss Mary E. Sampson, representing the Home Missionary Board of the Methodist church, was the guest of the college and talked with a number of students interested in the new social program of the church. A Miss Park from Wesleyan University at Bloomington, was in the city for a few hours in conference with Miss Sampson, as it is impossible for her to make the Wesleyan on this trip.

Mrs. Coates spent the Easter vacation with her daughter Genevieve and Mrs. McPherson of Danville visited Miss Marian Humphreys during the same period.

April 26th will be a red letter day for the Glee club. This organization, under the inspiring leadership of Miss Louise Miller, will give a Japanese cantata on Monday, April 26, in the college gymnasium. The Glee club this year has been doing unusually satisfactory work and are expecting to entertain quite a large company of friends with their special effort of the 26th.

On Saturday evening, April 17, Miss Mamie Kennedy will give her graduating recital in Expression. She will read John Galsworthy's play "Joy." All friends, both of Miss Kennedy and the college, are cordially invited.

On the 19th will occur the annual Wesleyan's contest in declamation. The contest this year in the delivery of original essays aroused a great deal of enthusiasm and interest, and it is expected that this contest on the 19th will create even more enthusiasm and interest than the essay contest. The prizes of seventeen and eight dollars for first and second places are also something of an inducement. The public is cordially invited to contest.

The college has been honored again in that two of its students have been appointed to receive graduate scholarships offered by the University of Illinois. These scholarships are worth three hundred dollars in cash to the recipient with exemption from all fees. This year Miss Esther Hettrich and Miss Florence Madden have been appointed by the University to represent Illinois Women's college on this graduate scholarship plan. These young women will receive the Master's degree in one year and carry the regular hours of work.

Recent elections for two important offices in the college activities resulted as follows: Vera Wardner being elected as editor-in-chief of the Greetings for 1920-'21, and Miss Avis Crowder elected president of the Young Women's Christian association for 1920-'21.

### Have You Had That "Blood Pressure Diagram" Taken Yet?

Do you know that in this city alone, FOUR men of Class Two have been stricken, and ONE of Class One?

And that ALL might be in good health today, had that signal of danger been observed?

At The New Home Sanitarium, ALL the apparatus necessary for the ENTIRE DIAGRAM, is in daily use.

## Practical Power Farming

No more is there any argument about Power Farming. It is here to stay but it has been left for the TO-RO to lead the way to motorize the farm.

Why talk about Power Farming if you can only do 50% of your work with Power and have to keep horses to do the balance.

The To-Ro Convertible Power Cultivator fills this gap—making it possible with this wonderful Two in One machine to do all your work. It cultivates corn, potatoes; seeds; harrows; pulls a binder, hay loader, and any other implement; plants your corn, etc.

Then easily converted into a small tractor at low cost—it will do your plowing, hauling, discing, harrowing, mowing, feed grinding, corn shelling and pumping.

Just the small tractor you have been looking for to work your orchards and vineyards.

Its narrow width, light weight and power at the draw-bar makes it ideal for these purposes.

If you own a plow tractor you need a To-Ro Power Cultivator. It will not only do your cultivating at a big saving of labor and time, but will do many jobs on the farm more economically and better than you can do them with your heavy tractor.

If you do not own a tractor then you need a To-Ro with the convertible feature.

We are not offering you a combination or a make-shift; neither are we offering

—The To-Ro Cultivator has been successful in the field.

—First—Because it will do the work it is intended to do.

—Second—By reason of the pivoting drive wheels—enabling the operator to get quick action on the gangs and to guide his machine with ease, in fact, to cultivate better and faster than with horses.

—Third—Because all levers are within easy reach of the operator—simple and effective.

—These are but a few of the many exclusive features of the To-Ro Power Cultivator, as we can tell you but little of this splendid "Two in One" machine in this space. Call in and see us. We will show you.

Where Quality Rules and Service is King!

### Farm Bureau Notes

#### Timely Topics

1. Clean the Hog House and Disinfect—1 pound of lye to 40 gallons of water is a cheap but powerful disinfectant.

2. Clean the Poultry House—Use lye solution (1 pound to 40 gallons water) to kill mites and cleanse the house. Use Sodium Fluoride to get the lice.

3. Clean up the Barn, the Yard, the Lots and the Fences—Keep the whole farm sanitary.

4. Plan now to Pool your Wool—Extra 10 or 20 cents per pound makes the real profit.

5. Ship Livestock Cooperatively—Then farmers receive every dollar in it.

6. Breed the best Farm Mares—Good drafters will be in good demand.

7. Don't plant Soybeans too Deep—They will break their necks getting out.

8. Calibrate your corn planter and grade your seed.

9. Be sure the tractor is in good shape—A few hours repairing and overhauling now will save much time and trouble later on.

10. Bring your farm records up to date. It will be easier to keep them thruout the busy season.

#### Home Gardens.

We have just received four very fine plans for home gardens. These have been planned for plots 20x30, 25x50, 50x80 and 100x100. Altho these plans have been made by parties with seed to sell they are very helpful to any one planning a home garden. Many of our home gardens would be much better if properly fertilized. A sack of hydrated lime scattered over the garden will prove very beneficial. For nitrogen add dried blood or nitrate of soda. The latter is better than the former, but is not as easy to get. For the potato patch add either bone meal or acid phosphate. Hydrated lime, dried blood and bonemeal and acid phosphate may be procured locally.

**Beautifying the Farmstead.** Farmers Bulletin 1037 just from the press deal with this subject. It may be procured free by sending to the Department of Agriculture, Division of Publication, Washington, D. C. The main points are summarized below.

A home and its surroundings must be attractive in order to be most uplifting to the family, visitors, and passers-by. Farmsteads especially need attention in order to secure satisfactory conditions. The farm home and the farm business are so closely related that the success of the latter is reflected in the appearance of the former.

All the buildings with their immediate surroundings must be considered. The roads and walks; the home vegetable, fruit, and flower gardens; the lawns; and the ornamental plantings are also important factors in determining the plan.

Each building needs sufficient land about it to give it a proper appearance and provide the necessary yards or work room, and each should be so located with respect to other buildings as to facilitate the work of the farm.

Roads and walks should be limited to the number necessary to facilitate daily traffic. Vegetable, fruit, and flower gardens must provide liberally for the family needs.

The lawns should be so located and of such size as to give a pleasing setting for the home, but not large enough to make their care burdensome.

Suitable plantings are necessary to unite the parts of a farmstead into a pleasing homelike whole. Trees used for windbreaks, as a background for the buildings or a background for them, and to give shade. Shrubs are needed in abundance to hide partially the foundation lines of buildings, support their corners, give reasons for turns in drives or walks, and to screen unsightly objects. Native trees and shrubs and those known by trial to thrive in the locality are the best to use.

**Farm Advisers Conference.** The Farm Advisers in the vicinity of Springfield will hold a conference at the St. Nicholas hotel, Monday and Tuesday, April 12 and 13. The following topics will be discussed:

Securing of Soybean seed for 1921, Grain grading demonstration, Certified seed, Field Meetings at Experiment Station Fields, Organization for Local Work, Agricultural Handbook, The County Livestock Shipping Association, Livestock Breeders' Association, Summer Maintenance of beef Cattle, Swine Disease Situation, Livestock Survey, Wool Pool 1920, Securing a Farm Bureau Home, Some Insect Problems, Relation of Farm Bureau to its Subsidiary Organizations and Vice Versa, Farm Bureau Account Book.

Arrangements have been made for the entertainment of the wives of the farm advisers on Monday afternoon, April 12th.

They will leave the St. Nicholas hotel at 1:45 p. m. and visit Lincoln's monument, the Lincoln Home, Art Institute, Watch Factory, Arsenal and Capitol, and be entertained at the Country club. Return to St. Nicholas hotel 6:45 p. m. Banquet followed by the after party at Majestic.

#### Be a Booster.

"Boost and the world boosts with you. Knock and you're on the shelf. For the booster gets sick of the man who kicks. And wishes he'd kick himself. Boost when the sun is shining. Boost when it starts to rain. If you happen to fall, don't lie there and bawl. But get up and boost again."

## TORRENCE FUNERAL SERVICES AT BLUFFS

Late Benjamin R. Torrence Laid to Rest Thursday—Y. L. A. of M. P. Church Meets—Other Items.

Bluffs, April 10.—The funeral of Benjamin Ray Torrence was held at the family home in the south part at 2 o'clock Thursday in the presence of a large number of relatives and friends of the deceased. The words of consolation and comfort were spoken by the Rev. E. J. Rees. The beautiful floral tributes were cared for by Misses Helen Oakes, Mabel Green, Esta Kopp and Marie Thorn. The bearers were Messrs. William Green, Oscar Burbank, William Mueller, Rabe Masterson, Royal Meris and William Busch. Remains were laid to rest in the Green cemetery.

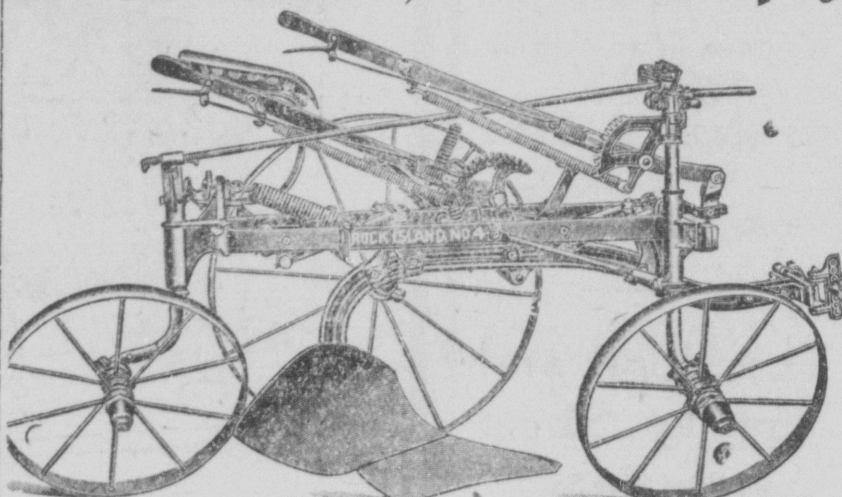

Born, to Mr. and Mrs. Herman Dunham Thursday, a son, Fay Leroy, fourth child.

Grant Ray of the regular army and stationed at Camp Taylor has arrived home on a thirty days' furlough. His coming was a surprise to his parents as they were not expecting him at this time.

The Y. L. A. of the M. P. church met at the home of Mrs. Stella Castle Friday afternoon. After the regular meeting an election of officers was held which resulted in the choice of the following: President, Mrs. H. Gusendorf; vice president, Mrs. Albert Knoepel; secretary and treasurer, Mrs. Charles Strickler. After the election a luncheon was enjoyed by Edna and James Thomas of Keokuk who have been the guests of friends for several days have returned home.

## DID NOT EXPECT HER TO RECOVER

Ten Years Trouble Quickly Overcome by Tanlac—Now in Splendid Health.

"When I started taking Tanlac I was in such bad condition that few if any of my friends and neighbors ever expected me to feel well, but now if I ever felt better in my life I don't remember it," said Mrs. Elizabeth Bessler, 1025 North Adams street, Peoria, Ill., recently.

"For the past ten years," Mrs. Bessler continued, "I suffered from stomach trouble so badly I could not eat a single mouthful without it nearly killing me, and as nothing I took seemed to do me any good I had long given up all hope of ever getting any better. After eating the least thing I would puff up something awful with gas that pressed against my heart, causing it to act so strangely it would frighten me. At times I had such terrible cramping pains in my stomach I thought I would die. My kidneys troubled me a great deal and I had such intense pains in my back every time I stooped over it felt like a knife was being stuck in me, and often a sharp, shooting pain in my back would be so awful I would nearly faint. I also had dizzy spells, when black spots would come before my eyes and I could not see a foot from me, and to keep from falling I had to sit right down or catch hold of something. I had lost weight until I was scarcely more than a frame, and I was in misery from the time I got up until I went to bed.

"As I had seen so many good things being said about Tanlac I asked my husband to get me a bottle, and I was certainly pleased at the results. I just continued taking it until I finally got so I could eat just anything I wanted without its hurting me a particle. I am never troubled with gas any more and the pains in my back and stomach have left me entirely. I have regained by lost strength and weight, and in fact, I am enjoying perfect health and feel fine every way. I wouldn't take anything in the world for what Tanlac has done for me, and I will praise it as long as I live." Tanlac is sold in Jacksonville by Coover & Shreve and by the leading druggists in every town. Adv.

It is a common fact and generally known that the REO has always been a car with a reputation for its wonderful endurance and ability.

It would be cheap economy to buy an inferior car and then have to spend more on it in a year's time than what you could have bought a NEW REO "SIX" for in the first place. Reo owners are satisfied.

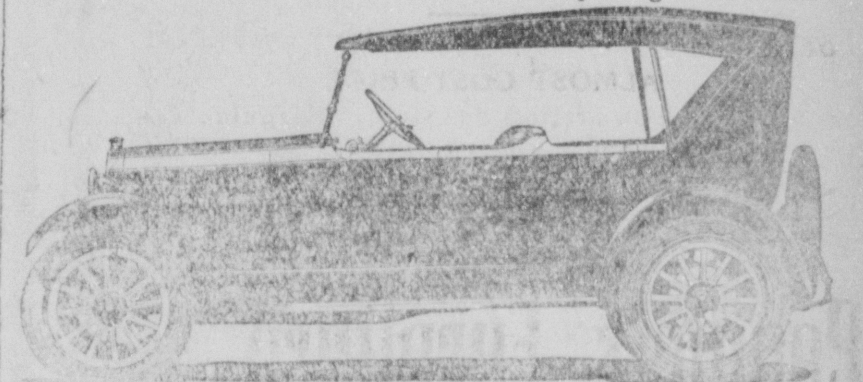

The NEW REO "SIX" represents the highest degree of refinement in motor design. It is the product of the soundest engineering skill and the ripest experience, accumulated by Reo engineers at a time when others were just beginning.

Thousands of satisfied farmers are using the

## Diamond Construction Makes the Pennsylvania Station Strong

Like the **PHILADELPHIA DIAMOND GRID BATTERY**

The Pennsylvania Station is strong because it is supported in every direction by sturdy diagonal braces that form diamonds everywhere.

The battery is strong because its plates, like the station, are built on the Diamond principle.  
 That is why the plates do not buckle nor lose their active material. That is why the battery can be guaranteed for eighteen months.

That is why we are the official Philadelphia Service Station.

Expert battery re-charging and repairing.

Free inspection—any battery—any make, any car, any time. Drop in today and let us look at the condition of your battery.

There is a Difference in the Way the Liberty Rides and Drives

## Liberty Touring Car

The difference of the Liberty's riding and driving is not to be wondered at when one learns the steadfast quality of the car, which becomes more and more apparent as the miles roll up.

To this unmistakable worth, and also to the high order of designing displayed even in the very minor details, may be attributed qualities so divergent as the unusual comfort which the Liberty affords, and the uniform reasonableness in the cost of operation and upkeep. The car is one of the moderate weight in proportion to its size, amply powered, with a responsiveness and flexibility that are remarkable.

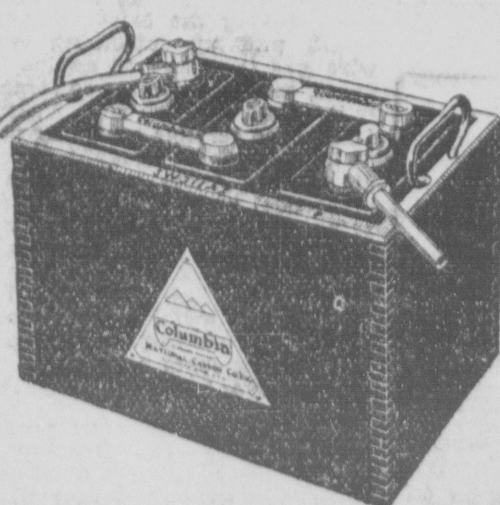

It is replete with features that have literally commanded the enthusiasm of Liberty owners. The upholstery is of genuine leather in the French pleated type, fitted over unexcelled special cushion springs. Plainly-marked, side curtains are carried in a very accessible compartment back of the front seat. The steering wheel is of black walnut, properly corrugated around the inner surface. There are special top holders, horse-hair carpets in each compartment, a rear curtain light of beveled plate glass set in a heavily nicked rim, and an equipment that is considered exceptionally complete.

## MODERN MOTOR CARS

With the world to choose from, we are selling Moon cars. We are selling them because we sincerely believe that Moon gives you the best light weight six cylinder motor car produced in this country today; the best that motor building science has been able to produce.

This knowledge is based on what the users of Moon cars themselves have found.

Moon owners—men who have paid their money for Moon cars and bought their knowledge on the roads.

In this car are the best units which enter into motor car construction—Fedders radiator, Timken axles and Bearings, Parish & Bingham Frame, Red Seal Continental Motor, Delco Three-Unit Starting, Lighting and Ignition, Borg & Beck Clutch, Brown-Slips Transmission, Spicer Universals.

These units have been engineered into a chassis upon which has been mounted the most beautiful custom-type bodies ever used in standard production.

Reliability performance, economy, freedom from trouble, low cost of upkeep and maintenance and good looks, all mark this as the most satisfactory car that money can buy.

What more could anyone want in an automobile? Built by Moon Motor Car Co., St. Louis, U. S. A.

## How Long Will It Last?

Folks are just beginning to learn that batteries wear out just as surely as tires.

And having learned that fact they ask how many months or how many miles the battery is good for.

So the dealer must either guess, give instances, or confess he doesn't know.

As a matter of fact there is only one measure of a battery's life. It will serve as long as solution is present, plates hold together, and insulation is intact.

The better the insulation, the greater the chance of the battery for a long, useful life. This alone more than justifies the long search which ended in the perfection of Willard Threaded Rubber Insulation. Its effectiveness has been proved by the long average life of the batteries in which it was first installed over four years ago.

## GRIDIRON CLUB IN ANNUAL DINNER

Claims of 1920 Presidential Candidates Presented—Speeches Made by Some of Most Prominent Men of the Country.

Washington, April 10.—Having arrived at the presidential age of 35 years, The Gridiron Club, celebrated the event tonight by turning its dinner into a national non-partisan political convention, at which 1920 candidates heard their claims presented in a fashion new to party politics. Many were nominated and more were discussed in such a way as to suggest to all the candidates who were present the notion that perhaps they take themselves too seriously.

The Gridiron convention was called to order by the clanging of a dinner bell, and when the delegates, who also included guests, fled into the hall and took their seats at the dinner tables they discovered that both great political parties were heavily represented by some of their most distinguished members. Among those present were Secretaries Colby, Meredith, Houston, Payne and Daniels, Attorney General Palmer, Speaker Gillett, General Pershing, the Japanese Ambassador, the Polish Minister, former Secretaries Lansing, and Lane; Homer S. Cummings, chairman of the Democratic National Committee; Will H. Hays, chairman of the Republican National Committee; Senators Watson, of Indiana, Owen, of Oklahoma, Harding, of Ohio, and Poindexter, of Washington; Governors Sprout, of Pennsylvania, and Morrow, of Kentucky, and Colonel George Harvey.

The convention was opened by the selection of a temporary chairman, following which it proceeded to elect a permanent chairman, who proved to be W. W. Jernano, the new president of the club. The proceedings were mixed and fast and, while touching upon many phases of the 1920 campaign, really settled none of them. A press section was filled with working newspaper correspondents, and a large number of editors and publishers tried to crowd in. Dr. Albert Shaw could not get a seat among the correspondents, who also rejected applications from William H. Taft and William J. Bryan. A pair of "sob sisters" who applied for seats met the same fate. The working correspondents, however, were not without their troubles.

"I was told to describe Herbert Hoover," said one. "To what party does he belong?" "I don't know," was the answer. "I haven't asked him since yesterday."

Platform planks on prohibition, labor, the tariff and the war made their appearance. "My paper wants to know," one correspondent asked, "whether McAdoo is for or against government ownership of railroads?" "Answer 'Yes,'" he was advised.

A session given over to the ministrations of three mediums, who summoned spirits and made them talk by means of a ouija board, operated mysteriously without the use of hands and in full view of the delegates.

The spirit of Charles E. Hughes remarked: "I would have been all right if Will Crocker had not fed me those California ripe olives."

Said the spirit of Josephus Daniels: "I am being punished for my sins."

The spirit of Vice-President Marshall observed: "What the Democratic party needs is a fool killer. Then the few of us left can form a new party."

Frank Hitchcock's spirit told the delegates: "It pays to advertise. I put an ad in the papers, reading as follows: 'Situation wanted as political manager for some candidate. Terms: Florida delegates on delivery. Fast color guaranteed.' Now look at the job I got!"

The spirit of Robert Lansing solemnly said: "May I not suggest to you, my dear Colby, that it would be the part of wisdom and discretion to move your office to the ground floor. It is much safer. Cordially and sincerely yours."

The spirit of Secretary Baker sent this message: "It's all very well to insist on your love, but why didn't you kick me upstairs into Lansing's job?"

From the spirit of Henry White came this: "Ah, The Peace Conference. I loved it. It was there I was cured of insomnia."

There was a musical interlude, also political, in which Senator Harding, Attorney General Palmer, Herbert Hoover, General Leonard Wood, Governor Lowden and William J. Bryan all found themselves caricatured. Mr. Palmer was asked:

"Were you a candidate for senator against Penrose and Pinchot in 1914?"

"I decline to answer," he said, "and plead the statute of limitations."

Governor Lowden, who admitted that he had been honored with the Virginia delegates, sang "Caddy Me Back to Old Virginia."

Nearly all of the candidates sang their claims to sit in the White House, after which President Jernano announced:

"After looking this bunch over the chair announces the convention is not yet ready to vote. There are some dark horses down in the pasture which we wish to inspect before taking decisive action."

The political status of the Peace Treaty also was considered. Three chefs in full regalia appeared in the center of the hall and proceeded to concoct a peace pudding, which they promised would be the last word in artistic perfection.

The pudding, it appeared, was planned to have 14 points of perfection, but at the last minute it was found necessary to eliminate a number of the points. The trio

of chefs labored diligently explaining the ingredients as they mixed. The pudding finally was covered with an icing approved by 49 members of the Senate, but no sooner had the icing settled into place when the pudding exploded with a loud report, scattering the contents all over the chefs.

"Now we can't even pocket it," observed one of them sadly.

At one point the convention was interrupted by the invasion of a gorgeously dressed woman, who demanded in loud tones to be shown to a seat. The "woman" declared that she had been elected a member and that, if necessary, she would throw a man out in order to get a place at the tables.

"If the women don't get self determination," she said, "there'll be male extermination."

When finally informed that it was impossible to admit a woman to a Gridiron dinner she promptly removed her skirts, to the threatened scandal of the convention and it was discovered that the "woman" was a newly elected member of the club.

There were speeches by Secretary Colby, Speaker Gillett, Prince Gasimir Lubowski, the Polish Minister; Colonel George Harvey, General Pershing and Governor Morrow. Reporters, however, are never present at Gridiron Club dinners so the speeches were not reported.

## MURRAYVILLE

Miss Grace Clark spent her Easter vacation with home folks. Thos. Myers and family moved to Jacksonville last week.

John Burns spent Friday in Murrayville, making fence for his mother.

Pete McCabe and Ottilie Finch were business men in Jacksonville Thursday.

Mrs. James Patterson has rented a house in Murrayville and expects to move there as soon as the weather permits.

Miss Mary Ferguson and brother Ebert of Greenfield spent Saturday and Sunday with Mose Mayberry and family.

Misses Myrtle Mayberry and

Anna Clayton were shopping in Jacksonville Saturday. Little Raymond Rodarmel spent from Saturday until Monday with Mr. and Mrs. L. G. Crouse.

Miss Maye Koyné, E. T. Doyle, Ottilie Finch were numbered among the Jacksonville visitors Saturday.

Mrs. G. A. Hobbs and Miss Mary Conlon spent Thursday in Jacksonville.

Misses Marie and Rose Hobbs of Springfield spent their Easter vacation with their parents, Mr. and Mrs. G. A. Hobbs.

Mrs. Frederick Singer of Pueblo, Colo., Mrs. J. H. DeVore and Mrs. J. B. Leach of Woodson spent Friday with Mr. and Mrs. L. G. Crouse. Mrs. Singer and Mrs. Crouse were girlhood friends and it is needless to say the day passed altogether too quickly.

## INSTRUCTOR DISCHARGED

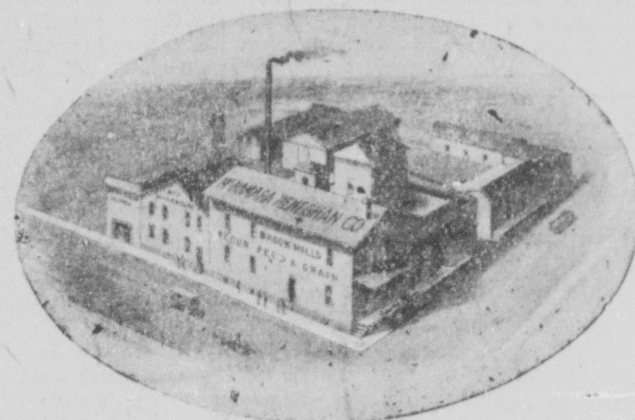

Hays, Kans., April 9.—The state board of administration has dismissed P. ## What is a Chiropractic Adjustment?

Some folks who first thought that Chiropractic was everything except a wonderful, new health method, have gained peculiar impressions of what a Chiropractic Adjustment really is.

An adjustment is primarily given with only the Chiropractor's two hands. How he does it; why he does it; what part of the spine he does it to, are all part of his Science. The expert knowledge is acquired only after years of intense study and practice.

After analyzing the spine and finding out the defects that impede nerve energy and result in disease, the Chiropractor adjusts the moveable bones in the spine back to their proper, normal positions. The cause is removed; the pressure on the nerves is relieved and normal function is resumed. With complete nerve energy restored, the natural forces of the body build up the weak and diseased organs. Health results.

## CHIROPRACTIC THE BETTER WAY TO HEALTH

is in full accord with the laws of man's being. No drugs or surgery are used. Chiropractic (KI-RO-PRAK-TIC) is being endorsed by authorities everywhere from the scientific standpoint, because it is right. Its marvelous record of accomplishment recommends it to all who are not up to the mark in health and efficiency. Give Chiropractic a trial.
